Advance Directive for Mental Health Treatment  
(MODEL FORMAT)  

I, ________________________, being a person with capacity to make mental health treatment decisions, willfully and voluntarily make known my wishes about mental health treatment by my instructions to others through this advance directive for mental health treatment, or by my appointment of an agent, or both, as authorized by the New Mexico Mental Health Treatment Decisions Act. I understand this advance directive becomes effective when one qualified mental health professional and one mental health treatment provider determine that I lack the capacity to make my own mental health treatment decisions.

I understand that I may revoke this directive in whole or in part if I am a person with capacity. I understand that I cannot revoke this directive if it is determined that I do not have capacity unless I successfully challenge that determination.

I understand there some instances where my provider may not have to follow my directives, specifically, if the treatment I directed is infeasible or unavailable, the facility or provider is not licensed or authorized to provide the treatment requested or the directive conflicts with other applicable laws.

I understand that if I have completed both a declaration and have appointed an agent, if there is a conflict between my agent's decision and my declaration, my declaration shall be followed unless I indicate otherwise.
